

Sight Words

Choose 10 words from your child's word list to memorize and practice throughout the week

Science

Attached is a long pdf of interesting science experiments, many with items found around your home. Please try some out, and send me some pics of your process or result.

Tuesday is science experiment day & there is also a link in the Columbus A to Z School Countdown.

Word Work: "-ed" endings

"-ed" can make 3 different sounds!!!

ed = t ed = d ed = ed

1. Complete Raceway Steps 21C (pg. 120-122) **Please see the attached 3 pages.** *These words and spelling patterns can be written on paper, printing is not necessary.*
2. Practice reading and HEARING the 3 sounds -ed endings make
-ed says "t", -ed says "d", and -ed says "ed"

Writing/Research

Nonfiction Animal Chapter Book

Please look at the assignment description and rubrics I emailed last week. (There are copies of each in Spanish, Ukrainian, and English.)

Due: Friday May 22nd

Please email or text me pictures of your child's book and a video of your child reading their book.

Animal Building Challenge

Make a 3D model of your animal out of anything you have around your home...anything... recyclables, toys, food, playdough, mud & rocks...be creative. Be sure to show its important features. **Take a pic or video to show me what you make.**

Social Science

Please go to <https://www.pearsonrealize.com>

2 weeks ago I assigned **Chapter 3: Looking at Our World**. Your child should read this chapter, 1 lesson at a time. This chapter has 6 lessons, and includes some writing prompts, a song to learn, and assessments at the end. **MANY STUDENTS need more time to complete this Chapter with 6 lessons. I will be extending the due date to relieve stress. ***** PLEASE REMEMBER: I need photos emailed (preferred method) or texted in order to give grades/credit for work completed. *******

This workbook is not interactive like the online math book. Some pages ask you to circle and underline things, and your child will not be able unless you print. The goal is learning, and doing the activities that you are able to do. **PRINTING OPTIONAL**

This is all about **Geography**. It may be interesting to look up some types of land on Google Earth. Please send me pics or videos of their work.

TREASURE HUNT

<https://www.youtube.com/watch?v=7MTENEKvzL4>

Parents can make or students can make a treasure hunt. After the treasure hunt, first graders should make a map of where the clues were found.

Digital Reading Record

If you have not yet started using this tool please choose your child's reading log from [this file](#).

EnVision Math :
